

e-Banking FAQ

e-Banking(Internet Banking) Frequently asked questions

What e-Banking or Internet banking?

e-Banking or Internet banking allows customers of a financial institution to conduct financial transactions on a secured website operated by the institution, which can be a retail bank, virtual bank, credit union or building society. e-Banking is a simple way to do many of your banking transactions using your PC/Mobile/Tab and the Internet (subject to minimum browser restrictions).

What are the advantages of using e-Banking?

No banking hours, no queues. Just banking from wherever you are connected, safely and securely. It's easy, convenient, and best of all; it is available to you at any time.

Is the service available 24-hours?

Yes. This service is available 24-hours a day, 7 days a week.

Can I access this from overseas?

Yes. As long as you are able to access the internet with the recommended internet browsers, you will be able to access this service.

What are the features of e-Banking?

e-Banking offers you total control of your money, worldwide. Users of NRBBL's e-Banking will also receive an exclusive Security Device which gives users unprecedented protection. Wherever you're logged on, you can view your accounts and make everyday transactions 24/7:
